

# Learn about the health care you may get when you are dying

This Easy Read resource is about palliative care. Palliative care is the special care you may get when you are dying.

The resource explains that palliative care:

- does not make you get better
- helps to reduce pain
- can give you other kinds of help, like someone to talk to and ask questions.

Palliative care helps you live as well as possible until you die.

## We trust this resource

We trust this resource because it is:

- Made to help, not for profit
- Made by people who know a lot about the topic
- Made in Australia

We've checked this resource, and you can [follow our guide to know if health information is true and right for you.](#)
